

Summer Solstice Solar Mixer

Join us on **Friday, June 21st** to rejoice
in the longest daylight of the year.

The Branch at 1501
1501 Washington Avenue, Racine
5:00 – 7:00 p.m.

Proceeds from food and beverage sales benefit the **Great Lakes CCC's Global Relief Fund** for solar training.

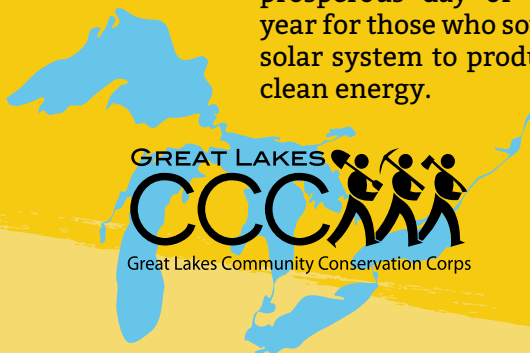

Rays your glass to the

Summer

Solstice

June 21st in the northern hemisphere is the most prosperous day of the year for those who sow a solar system to produce clean energy.

GREAT LAKES
CCC
Great Lakes Community Conservation Corps

- Network to learn from others who own a solar PV array
- Acquire future solar industry contacts
- Exchange stories about solar installation
- Share experiences with others about the maintenance and operation of the residential solar PV system
- Enjoy the fellowship of those with similar clean energy values
- Celebrate renewable energy to reduce carbon emissions
